III. Functional Capabilities Needs Assessment

1. ACTIVITIES OF DAILY LIVING (ADL)

Choose the single best answer for each ADL.

0 – Independent or supervision < daily	Requires no assistance or supervision. If assistive devices are used, needs no monitoring, assistance, or supervision to use those devices.	
1 – Supervision daily	Capable of completing most parts of the activity independently but needs some supervision or assistance (e.g., cues/prompts, etc).	
2 – Hands on	Capable of completing some parts of the activity but needs continual supervision or assistance (e.g., assistance with weight bearing tasks, extensive physical assistance).	
3 – Total Dependence	Requires total assistance with the activity.	
	Bathing	Abilities to get into and out of the bathing area, adjust the water temperature, and cleanse the body and hair.
	Dressing	Abilities to select weather appropriate clothing and put on and adjust clothing.
	Eating/feeding	Abilities to use utensils, set up food tray, eat appropriate amount, and eat at appropriate pace; feeding by nasogastric, gastrostomy, jejunostomy, or parenteral route. Does not include supervision of obesity or weight reduction.
	Toileting	Abilities to transfer to/from the toilet, adjust clothing, and attend to hygiene, and/or

Client First/Middle Name: _____ Last Name: _____

		ostomy or catheter care.
	Mobility	Ambulation and use of wheelchair, cane, walker, crutch, or other mobility aid.
	Transfer	Movement from surface to surface (e.g., chair to wheelchair or bed to chair).
	Continence	Includes supports needed to either: assist the individual to control one's body to empty the bladder and/or bowel appropriately, or, to appropriately change incontinence pads/briefs, cleanse the changing pads, and dispose of soiled articles.

For each ADL rated 1, 2, or 3, describe assistance needed, including frequency and reason for support needs (including physical and cognitive). If applicable, include details about tube feedings, IV fluids, fluid monitoring, catheter or ostomy care, mobility aids, transfer aids, and incontinence care: _____

2. MEAL PREPARATION (Choose the single best answer.)

- Requires no assistance or supervision.
- Capable of preparing meals with minimal assistance (e.g., set-up of ingredients, oversight, or cueing).
- Requires continual supervision or physical assistance with multiple components of meal preparation.
- Requires total physical assistance with meal preparation.

3. MEDICATION SUPPORTS (Choose all that apply.)

Supports Needed	Medication Supports Needed to be physically capable of adhering to physician ordered medication regimen. Rate compliance issues separately under item #9 of this section (<i>Behaviors</i>).
<input type="checkbox"/>	None and/or does not apply
<input type="checkbox"/>	Set ups
<input type="checkbox"/>	Verbal or gestural assistance (reminding, instructing, coaching, pointing)
<input type="checkbox"/>	Physical assistance with some or all of the physical steps of taking medications, and adherence cannot be ensured with verbal and gestural support alone.
<input type="checkbox"/>	Injections
<input type="checkbox"/>	Other (Specify):

If support needs were selected, describe the reason for the needed support and either complete Section IV.1 or fax a copy of the medication list (e.g., MAR or MD orders)

4. ORIENTATION

Choose the single best answer for each type of orientation.	_____ Self (awareness of own name)
0 – Fully oriented and needs no prompting or cueing.	_____ Place (awareness of current location)
1 – Occasionally disoriented & needs prompting or cueing.	_____ Time (awareness of current date & time)
2 – Disoriented all or most of the time.	_____ Situation (awareness of current situation)

5. MEMORY (CHOOSE ONE)

- Able to remember past and present events with no cueing or prompting.
- Needs cueing or prompting to remember past and/or present events.
- Unable to remember past and present events such that daily supervision is needed to prevent harm

6. JUDGMENT (CHOOSE ONE)

- Solves problems and makes decisions with no assistance.
- Solves problems & makes decisions with minimal assistance (e.g., prompts or cues may be required).
- Unable to solve problems well and make appropriate decisions such that daily supervision is needed to prevent harm

7. COMMUNICATION (CHOOSE ONE)

- Communicates information in intelligibly & understands information conveyed without assistance.
- Needs assistance to communicate information and/or understand information conveyed.

Client First/Middle Name: _____ Last Name: _____

Inability to communicate information in an intelligible manner and/or understand information conveyed

(choose all that apply)

Communication Method: Verbal Sign language Writing Gestures Other:

8. VISION: (CHOOSE ALL THAT APPLY)

- No problems indicated
- Cataracts Glaucoma Blind
- Orientation/mobility problems due to vision
- Other (specify): _____
